#### SCHOOL CLOSING THIS WEEK.

Local Public Schools will Finish Work for Session—Noted Orators to Address Class.

That dreaded time in the history of all schools has been going on at the school building this week—a time when the teacher attempts to ascertain just what the student has accomplished in their studies during the session, the annual examinations. Pencils, ink, pens and paper together with uncertain minds has been the order of the day.

Practically all the school work is closed however and all that remains to be done is the actual closing exercises which take place today, tonight and tomorrow night.

Today at 10:30 the Hon. F. P. Greener of Miami is to deliver an address at the local opera house to the students and tonight at 8:30 Hon. R. B. Cousins, State Superintendent of Public Instruction, is to make the principal address of the closing exercises.

On Saturday night the graduating class will have their inning at which time the various orations and themes will be rendered and the much sought for "sheep skin" will be handed to the graduates. The program for this entertainment was given in our last week's issue.

Altogether the work of the schools during the past year have been satisfactory and the teachers of the school deserve special credit for the work done under the circumstances which have prevailed in educational circles here this year.

#### GRAND OFFICER HERE.

Local Odd Fellows Lodge Honored by Visit from Grand Lodge Officer Last Monday.

W. A. Spangler of Bonham, Noble Grand of the Odd Fellows of the state of Texas, honored the local lodge of that order by a visit last Monday. In the morning he spoke to the members of the lodge about the lodge work and some of the duties devolving upon the members of the order and at one o'clock he delivered an address to the Odd Fellows, the Rebekahs and their friends at the lodge hall which was highly enjoyed by those present.

Mr. Spangler left that afternoon for Plainview where a special meeting was arranged. Mr. Spangler is out getting acquainted with the different lodges with the view of enlisting the members into a campaign of membership.

#### Good "Dope."

If you work for a man, in Heaven's name work for him.

If he pays you wages that supply your bread and butter, work for him; stand by him and stand by the institution he represents.

If you live in a city, live for it; respect the great power that protects you; that surrounds you with the advantages of advanced civilization, and that makes it possible for you to achieve better results.

Speak well of it; stand by it; stand for its civic and commercial supremacy.

If put to a pinch, an ounce of loyalty is worth a pound of cleverness.

If you must vilify, condemn and eternally disparage, why, resign your position and quit the town, but as long as you are a part of a city do not belittle it.

If you do, you are loosening the tendrils that hold you to the community, and the first wind that comes along you will be uprooted and blown away, and probably you will never know why; such has been the experience of many.—Exchange.

Roy Cullum left yesterday for a visit with his parents at Mineral Wells.

Dr. W. N. Bunkley of Stamford was in the city Monday the guest of Judge Buie and family.

#### TESTING FIRE APARATUS.

Fire Engine and Hose Arrive and Representative Gets Busy in Demonstrating Their Value.

In an issue of this paper several weeks ago it was stated that a representative of the Home Engine Co. of Indianapolis, Ind., had been here and made a proposition to come here with one of his gasoline fire engines and demonstrate it to the people after which the city council might buy it if they see proper.

The apparatus arrived here last Monday and Mr. Howe himself has been upon the ground superintending the demonstration. All this week various tests have been applied for the enlightenment of the people of the city but just what steps the city council will take in the matter had not been determined yesterday afternoon.

#### Fifth Sunday Meeting.

The next Fifth Sunday meeting of the Tierra Blanca Association of the Baptist churches is to be held with the Happy Missionary Baptist church on May 27 to 30th inclusive. It is said that quite an interesting program has been arranged but the News reporter was not able to secure a copy of it for publication.

Mayor Edwards and Aldermen Head and Keelbough of Hereford were in this city yesterday watching the demonstration of the new fire engine.

Mrs. Louis Maloney has been on the sick list this week.

#### CANYON MAN ELECTED PRESIDENT.

Odd Fellows in Annual Session Honor Citizen of this Town With the Highest Office.

The Panhandle Association of Odd Fellows and Rebekahs met at Miami last week and from reports coming from that place they must have had a very enjoyable time. The largest attendance ever had at these annual meetings was present and a general revival of interest in Odd-fellowship in the Panhandle was had.

The Association is to meet next year at Plainview. In the election of officers for the ensuing year, Judge A. N. Henson of this city was elected president; W. A. Wilson of Claude, vice president; L. G. Christopher of Miami, secretary, and Mrs. W. A. Wilson of Claude, as Treasurer.

Those who attended as delegates from the local Odd Fellow and Rebekah lodges were: A. N. Henson, Jack Hawley, W. D. Scott, Jim Foster, James Dawson, M. S. Lusby and Miss Columbia Redfearn.

#### Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute muscular rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold and damp, and are quickly cured by this applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by City Pharmacy.
